In reply to your memorandum of the 22nd instant, Re the request contained in Deputy Minister Stock's letter of the 8th instant, Ref. 1208717 beneath. If you carefully read the last paragraph of his letter you will see that he refers to the printed schedule attached to his letter, and the paragraph referred to asks you to reserve "these quarter-sections," referring to those shown on the schedule, in accordance with the tracing. The tracing may show the road running through other quarter-sections, but as I understand this paragraph and his letter, he asks for no reservation to be made in our books other than those shown on the schedule. If we adhere to that system any error that may be made will be due to Deputy Minister Stock's not making a proper request upon the Department, and will not be our fault.

do solemnly declare:—

That I made entry for the above mentioned lands at the Dominion Lands Office at Edmonton on the 16th day of May of October 1903, and I now ask to have said entry cancelled, and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.) (1) I entered for above thinking that no one had any claim thereto. There was a building apparently deserted on the place - I now find one Elzear Delorme purchased this building from Pierre Gray and claims to have lived on the place and is desirous of entering for it. Under these circumstances I wish to abandon my entry and have the money I have paid applied on another quarter section. I have not lived on this land or made any improvements except a small shack worth $10.00 which I will remove to the quarter I select.

6th July, 1905.

Sir,

I beg to acknowledge the receipt of your letter of the 17th ultimo, file 3196, enclosing declarations in support of an application from M. Guertin for a second homestead entry.

On examining the application for patent of M. Guertin for the S. E. ¼ of Section 26, Township 55, Range 23, West of the Fourth Meridian, it is found that he made entry on the 23rd of July, 1888, that he built his house in September, 1890, that he commenced residence on the 1st of April, 1892, and began cultivation in the year 1891.

In his declaration he says that he began residence in the monthnof May, 1884, and lived there continuously until September, 1903, that by the 2nd of June, 1889, he had the following improvements,- one dwelling house, one barn, one sheep barn, one well, and 40 acres under cultivation. There is evidently a discrepancy which requires explanation.

Gentlemen:

Yours of the 19th. insy. to hand and contents have my attention, I beg to inform you that in the year 1884, when I settled upon Goverment land for the purpose of taking up a homestead the vacant land than open to homestead entry where I settled allthough surveyed the lines were difficult to define, most of the stakes having been destroyed by fire and through a mistake I built my house on the S.W Quarter of 26 _ 55 _ 23 W_ 4 M, after my house was completed a party of Government Surveyors came through the section where I lived replacing the stakes that had been destroyed by fire, I then discovered that I had made a mistake and had built my house upon the S.W. Quarter of 26- 55-23 W-4-M instead of uponthe S.E.Quarter of 26-55-23 W-4-M allthough I had improved both the S.E and S.W.Quarters.

Upon deciding to make my homestead entry I explained my position to the Local Agent at Edmonton and was informed by him that I would be permitted to make entry for the S.E. Quarter of 26-55-23-W-4-M and that I might give any improvements that I had upon the S.W.Quarter of 26-55-23-W-4-M. to my son Alcid Guertin who afterwards made entry for the same and received a patent for said Quarter.

My Dominion Lands Interium Homestead receipt shows that I made entry for the S.E. Quarter of 26- 55-23-W-4-M. on the 23 rd day

In re the discrepancy mentioned in your letter I can only say that I was quoting dates from memory and not from any record as have none, I can only add that I have lived in this Country for the past twenty two years I have raised a family and made a living on my homestead that I have complied with the law in all respects and I believe that a man who has been a pioneer in a Country and has assissted in the building up of the Country is intitled to his second homestaed should he elect to take one.

Trusting that this letter will be a satisfactory explaination of my position and that my application for a second homestead be granted.

I remain

He homesteaded the S.E. ¼, 26--55--23--W 4 M, on the 23rd July, 1888, and according to the application for patent, commenced actual residence on the first April, 1892, so that so far as this goes he is not entitled to that privilege. He claims now to have gone into occupation of the South ½ of the Section mentioned, as a squatter, in May, 1884. He thought he was living on the S.E. ¼, but after survey it was found he had been living on the S.W. ¼. He however entered as above stated for the S.E. ¼, and his son homesteaded the S.W. ¼. Both have received patents. Mr. Guertin has been notified twice that he is not entitled to another entry, but the Agent at Edmonton reports that he called at his office on the 12th of this month and stated he could procure witnesses to prove that he had fulfilled the required duties to entitle him to a patent by the 2nd June, 1889. The evidence however shows that this could only be the case if the time he lived on the S.W. ¼ should be credited

W. W. Cory, Esq.,
Deputy Minister of the Interior,

credited in connection with his entry for the S.E. ¼. I assume that this is not possible under the law, and it seems to me that the most favorable consideration that can be given this case, would be to permit him to purchase an available quarter-section at $1.00 per acre, subject to homestead duties. Do you concur in this, or should Mr. Guertin be again advised that he is not entitled to a second homestead.

Respectfully submitted,

Deputy Commissioner.

Sir:-

In further reference to your letter of the 28th July last addressed to the local agent at Edmonton, I am to inform you that according to your own evidence the duties in connection with your homestead, the south East ¼, section 26, Township 55, Range 22, West fourth Meridian were not completed in time to entitle you to a second homestead. You claim to have squatted on the south ½ of this section in the year, 1884 and you were under the impression you were residing on the south East ¼, but it was discovered afterwards that by mistake your house was built on the South East ¼ and the time you lived on this land cannot be counted in connection with your entry for the south East ¼. In consideration however of all the facts, it has been decided to give your case the most favorable consideration possible and to permit you to purchase an available quarter section of land at the minimum price of $3.00 per acre, subject to the performance of the ordinary homestead duties and if you wish to take advantage of this offer, the necessary instructions will be given to the local agent, after you have sent here a description by section, Township, Range and Meridian of the land you have selected.

1908 " ..... " 15 " ..... " ..... " ..... " .....

13. What area of the said homestead can be brought under cultivation?

Ans. 130 acres.

14. What area of the said homestead is hay land and what area ~~swamp~~ slough?

Ans. 15 acres hay land 5 acres slough?

15. What area of the said homestead is ~~timber~~ scrub?

Ans. 10 acres.

16. State any special circumstances such as illness, accident or lack of means, which should be considered by the Department in dealing with your case. Give any further information which in your opinion should be brought to the attention of the Department?

Ans. That I may get justice, I am compelled to inform the Dept. that lack of means is the cause why I have not been residing on my homestead before this. Teachers salaries are not high in any means but cost of living in Alberta is. Out of a salary of $50 or $60. after paying board & expenses I managed to save a few hundred dollars, $200 of which was spent in building the house on S.W. 34 and about $3 in ploughing. This house the Homestead Inspector saw, has valued at $ (Third grade!) But I can prove that it cost me as follows: Lumber $136.75; Freighting $17.00; Digging cellar $6.00; Building $45.25. Total $205.00. The lumber cost me from $38 to $45 per M. - roads being impassable. I might have begun residence every day I cared to live in a sod shack, but there are reasons why this would have been the height of foolishness for me to do. I refer you to Mr. Inspector Dunbar on this matter. I also had my wife and five children to support. In this connection I might mention that I also had an account of $50 to meet for a Dentist for two children, deceased. It was my full intention to begin residence in something as soon as my means would admit, and was about preparing to do so, when my wife was cancelled. Allow me to say, that in view of above facts, should I lose the homestead, it will be to me a very great disappointment and hardship.

2. The Purchaser immediately upon the execution of this agreement shall have the right to possession of the said land and he agrees within one month from the date of the execution of this agreement to enter into occupation of the said land, and to reside with his family during the continuance of this agreement on the said land.

3. The Purchaser agrees that he will in a good and husbandlike manner, in each and every farming season during the continuance of this agreement, break, cultivate, seed and crop the said land or such portion thereof, as may from time to time be expedient in good farming operations of the said land.

4. The Purchaser agrees that he will keep true and correct accounts of the quantities and values of all crops, milk, cream, butter, eggs, meat and vegetables produced in the farming operations on the said land and sold or disposed of by him, such accounts to be kept in books supplied from time to time for that purpose by the Board, which shall at all times be open to the inspection of an Agricultural Inspector or other duly authorized officer of the Board.

5. The Purchaser agrees that in the farming operations on the said land, and the care of all live stock, poultry, equipment, and all other articles thereon and in the sale or disposal of all crops and produce of all kinds, he will be guided by the advice of the Agricultural Inspector, or other duly authorized officer of the Board. It is further agreed between the Purchaser and the Board that if the Purchaser neglects to be so guided, and it is deemed by the Board that without such guidance the Purchaser will be unsuccessfully to operate the said land and his management thereof is likely to prove unsuccessful, the Board may

notice served on the Purchaser (such notice to be deemed duly given if delivered to the Purchaser or mailed in any post office by registered mail adressed to the Purchaser at the Post Office above set out or appearing below the Purchaser's signature hereon or at his last known address to the Board) so advise the purchaser and thereupon the farming operations on the said land and the care of all live stock, poultry, equipment, and other articles thereon, and the sale or disposal of all crops and produce of all kinds shall be subject at all times and in all respects to the suggestions, advice and approval of the Agricultural Inspector or other duly authorized officer of the Board, and the Purchaser agrees at all times to afford such Inspector or officer full and free access to all portions of the said lands and the improvements thereon, and to all live stock, poultry, implements, etc., and furnish to such Inspector or officer such information as he may require regarding the condition of all live stock, poultry, implements, etc., and the sale and disposal of crops and produce therefrom.

6. The Purchaser agrees that any amounts owing by him to the Board for stock, equipment, and other articles purchased from the Board, or any advances now made or which may hereafter be made to him by the Board to provide for, or for application to permanent improvements or otherwise or any indebtedness at any time owing by him to the Board shall be a charge on the said land until the total amount of such indebtedness, together with accrued interest has been paid in full.

7. The Purchaser agrees with the Board that he will forthwith insure and during the continuance of this agreement will keep insured against loss or damage by fire each and every building which is now or may hereafter be erected on the said land to the extent of their insurable value in some insurance office to be approved by the Board and that he, the Purchaser, will not do or suffer anything whereby the said policy or policies may be vitiated, and will pay all premiums and sums of money necessary for such purpose as the same shall become due, and will assign and deliver over onto the Board the policy or policies of insurance or receipt or receipts thereto appertaining, and if the Purchaser shall neglect to keep the said buildings or any of them insured as aforesaid, or pay the said premiums, or delay such receipts, then it shall be lawful for the Board to insure the said buildings in manner aforesaid and all moneys expended by the Board with interest at the rate aforesaid computed from time or times of advancing the same shall be repaid by the Purchaser to the Board on demand, and in the meantime the amount of such payment be added to the purchase price of the said land and shall bear interest at the rate aforesaid from the time of such payment, and shall be payable at the time appointed for the payment of the next instalment hereunder, and all such payments shall become a part of the purchase price of the said land and shall be a charge thereon and all purchaser's estate and interest therein. Evidence of the renewal of such insurance shall be produced to the Board at least three days before the insurance then existing shall expire, otherwise the Board may insure as above provided. It is hereby agreed that all moneys received by virtue of any policy or policies may in the option of the Board either be forthwith applied in or towards substantially rebuilding, reinstating and repairing the said premises or in or towards the payment of the last instalment falling due under and by virtue of this agreement, and in a case of a surplus in or towards the payment of the instalment next preceding in point of time of payment, and so on until the whole of the principal and interest thereunder shall be paid. And the Purchaser further agrees forthwith on the occurrence of such loss or damage to fire, to furnish at his own expense all the necessary proofs and do all the necessary acts to enable the Board to obtain payment of insurance moneys.

8. The Purchaser agrees that all improvements which are now or which may hereafter be placed on the said lands shall remain thereon and shall not be removed or destroyed during the continuance of this agreement, unless authority thereto has been secured from the Board in writing.

9. It is further agreed between the Board and the Purchaser that the Purchaser will pay all such rates, taxes and assessments as may be lawfully imposed upon the said land or the said improvements, and deliver the receipts to the Board prior to the 31st day of December of each year, and that the Board may insure the crops now and hereafter on the said lands for the amount of their full insurable value against loss or damage by hail and may at such time or times as the Board may deem necessary without the concurrence of any other person make such arrangements for the repairing, finishing, adding to, or putting in order any building or improvements on the said land and premises, and may pay any such taxes and rents, and any liens, charges, or incumbrances upon the said lands, or moneys for insurance, and the amount so paid or indebtedness incurred as aforesaid by the Board, together with all costs, charges and expenses between solicitor and client which may be incurred in the taking, recovering and keeping possession of said land, or inspecting same (including allowance for the time and service of any employee of the Board appointed for such purpose) and generally in any other proceedings taken to protect the Board's interest in the said land or realize the purchase price together with accrued interest, whether the proceedings taken prove abortive or not, shall become part of the purchase price hereinbefore referred to and shall be payable forthwith by the Purchaser, his heirs, executors, administrators, or assigns to the Board with interest aforesaid until paid.

10. The Purchaser agrees that he will cut no wood or timber from the said land except a sufficient quantity for fuel and fencing, for actual and necessary use thereon and for buildings to be erected thereon, except with the consent of the Board given in writing.

11. It is also agreed between the Purchaser and the Board that if the Purchaser makes any sale or agreement of sale, or lease of the said land or any part thereof, or any interest therein, without the express permission in writing of the Board to such sale or lease, or if the Purchaser fail to remain in actual and personal possession and occupation of the said land, or if he fail to cultivate the said land in a good husband-like manner during the continuance of this agreement, or fail to make prompt payment of any instalments hereinbefore mentioned when the same fall due, or fail to comply with any other conditions hereinbefore mentioned, the Board may, upon giving the Purchaser a thirty clear days' notice of intention to do so (such notice to be deemed duly given if mailed in any post office by registered mail addressed to the Purchaser at the Post Office above set out, or appearing below the Purchaser's signature hereon, or at his last address known to the Board) cancel this agreement without any formal re-entry or retaking, or and without resort to proceedings in equity or at law to rescind this agreement and the effect of such cancellation shall be to vest the said land in the Board absolutely free and discharged of all rights and claims of the Purchaser and of all persons claiming or entitled to claim through him for any estate in, or lien, charge, or encumbrance upon or against the said land and thereupon the Board may resell the said land, and if when the same is resold by the Board any surplus remains in the hands of the Board beyond the amount owing to the Board as balance of the sale price and interest thereon as hereinbefore provided, and expenses of taking over and reselling the property, and other charges in favour of the Board which may have been created on the Purchaser's interest in the said land by reason of his having secured advances from the Board under the provisions of the Soldier Settlement Act, 1917, or any other legislation, or by reason of any other provision of this agreement, pay such surplus to the Purchaser, but if, instead, a deficiency arises, that deficiency shall be paid by the Purchaser to the Board, who shall have a right of action against the Purchaser therefor.

12. It is agreed between the Board and the Purchaser that in default of payment by the Purchaser of any instalments or any portion of any instalment hereinbefore mentioned when the same falls due, the Board may, by notice mailed in any Post Office and addressed to the Purchaser at the Post Office above set out or appearing below the purchaser's signature hereon, or at his last known address to the Board, demand immediate payments of all amount overdue; and thereupon if payment is not made by the Purchaser as aforesaid within a period of time satisfactory to the Board, all instalments in arrear, or any such portion thereof as the Board may decide, shall bear interest at the rate of seven per centum per annum from the time when such instalment had become due until paid in full.

13. This agreement of sale is given and received under the provisions of the Order in Council of the 11th of February, 1919, P.C. 299, and all the provisions of the said Order in Council and the Soldier Settlement Act, 1917, and any amendments now made or which may hereafter be made thereto, and of any Soldier Settlement Act of Canada hereafter passed which can or may be applicable hereto, shall apply to and form a part hereof as if actually incorporated and embodied herein and the Board and the Purchaser shall be entitled to the benefits and privileges conferred and subject to the duties and liabilities imposed by the said Order in Council, the Act and amendments thereto, or by any subsequent Act supplanting or supplementing the said Act.

14. In consideration whereof and on payment to the Board of the said sums of money and interest thereon punctually at the times lix ... and on performance of the conditions aforesaid, the Board agrees with the Purchaser to immediately thereupon convey to the Purchaser, in fee simple, the said land, free from all encumbrances, but subject to the reservations, limitations, provisions and conditions contained and expressed in the original grant from the Crown.

With reference to Mr. Goodeve's memorandum of the 11th July last respecting Mr. Adrien Lessard's squatter's claim to the N.E.¼ of Section 31, Township 57, Range 6, West First Meridian, I beg to say that the local Agent of Dominion Lands was duly advised in accordance with the decision that before the Canadian Pacific Railway Company was requested to release the parcel, a Homestead Inspector's report should be obtained.

The Agent now encloses Mr. Homestead Inspector McDonald's report in which the latter states that there is an unfinished log house on the land worth $5.00and that he believes that this shack was built last summer with the intention of giving Lessard the claim to entry. He adds that the shack is not actually worth anything and that two men could put it up in a day.

The Homestead Inspector's report would indicate that Mr. Lessard has established no claim of any kind to the parcel; and I think that the local Agent of Dominion Lands should be so advised.

Dear Sir

I beg to acknowledge the receipt of your letter dated Oct 23rd in which you allow me thirty days to give notice of my intentions as to my homestead I wish to state that your letter was altogether unlooked for as I have been living on my homestead most of the summer & after putting in my defence dated Aug 18th I have been living there up to the present when owing to ill health I have been compelled to come to town where I could get medical attendance but while on my homestead & after the 18th of Aug I did improvements as follows on said homestead, put up one & one half miles of first class fence cleared & logged about 30 acres fall which was ready for crop & fall whited this spring summer. Painted the farm house & did considerable Brushing & other work

I am sure it is my intentions of
applying for my patent, as in my defence
I stated I first put in time or strokes
each year since I was in entry
the first three years as you are aware the

has any cause of complaint, I am not

Sir,

In connection with your entry for the [illegible] of Section 36, Township 37, Range 2, west 4th Meridian, I beg to say a settler must live on his homestead or on land owned by him in the vicinity, or with his father or mother on farm land, that is to say, make it his home living thereon in a habitable house sleeping thereon and having no other place of abode for at least six months in each of three years. Apparently you have been living at Red Deer which cannot be counted as a performance of the residence duties.

If you intend to hold this land it will be necessary for you to go into residence promptly, and you will be allowed until the 1st November, 1906, to satisfy the local agent at Red Deer that you are in residence and complying with the regulations. Failure on your part to do so may result in cancellation being carried out without further notice.

Memorandum:-

This is an application from H. G. Stone to purchase his Homestead, the S.E.¼ of 36 -37 - 2, W.5th.M.-

Stone's entry was made in February 1900, and the Homestead Inspector's report is far from satisfactory, although it is possible he may have gone some residence upon the land. In fact he claims 4 months in 1901, 4 months in 1902; 5 months in 1903; 6 months in 1904, and 6 months in 1905.

He now represents that for some time past he has been in business in the Town of Medicine Hat as a painter and undertaker, and finds it impossible to complete the residence duties.

There are cancellation proceedings outstanding, and he wishes to be allowed to purchase rather than lose the land.

The Inspector reports that he has a house worth $100, a stable $30, 30 acres fenced with wire, $35, 15 acres broken, and 10 cropped.

Respectfully submitted.

Dear Sir
your letter of ~~Aug~~ 22nd received am some what Surprised at the Statement made as it is not correct in my last letter to you I believe I stated I had gone on my homestead last November. & remained there till ~~the~~ homestead was allowed of course & extreme cold & Remains of the way I visit and in many & have been on my homestead up to present excepting when Business required my presence in Town Being the only Undertaker & Embalmer here you can readily understand that there were be times when it would be impossible for me to be on my homestead. I have in my Crop now of 70 acres & my fall Wheat is about ready to Harvest but my Oats will be lost I have also done more Breaking this Summer & am Taking out Lumber to improve my Building this fall I only got in for my homestead Sunday night - & received your letter at noon Monday

I Cannot understand why some official in the Red town Office is giving himself so much unnecessary trouble in regards to my home stead. as I stated in my last letter I have all my improvements on home stead and I am doing my best to get my patent I asked permission to Buy & I think there should be some allowance made for the time work expended on the land the Government Cannot take my Property from me. at this time in the year I have spent about 700.00 in improving the place & for fencing the last 6 years. there is no water on the land or Can any be obtained under ten the 30.00 that would do for Cattle. or a well 130 ft. deep would have to be drilled & a Wind Mill put up to pump it as no man Could not pump water for 10 head of Cattle for a well of that depth there is no hay land. The ground is Covered with a thick poplar Bush. & trees having very little that Can be Broken except- at a heavy expense per acre until my Son get the patent No one Can relieve me entirely in town I Can only go on as I and I donot wish to make trouble for any one. I do wish to hold my home stead for my two youngest Boys- but if the Ministers of the Interior Hon. W. T. Oliver insists- That

I must live on the land permently or lose the 1/4
Canceled after all the work done. I would rather
after taking off my Prop Cancel my ally procuring this
Govment will allow me for my improvements. I am not
selling my 1/4 for Speculation but as I can't live for
my. his younger Boys & do not feel like laying out
$300.00 for a Well until I get my patent & you must
Have Water on your place to be able to live on it at

I enclose a memo regarding homestead of H. G. Stone The number has not been given but it is somewhere east of Red Deer. If you cannot locate the quarter, write G. W. Smith of Red Deer. In view of the amount of residence which has been put in I think the land might be sold at one dollar an acre, if it is not considered sufficient to issue patent, but on the face of it it would look to me as though the residence might be considered sufficient to issue patent.

EXTRACT. 1509353

File No 43950 A

Dear Sir,

Yours of Dec 13th received in answering same all I can state is that I came to Canada when a boy of between 12 & 13 years of age. My father came one year before the family & took out his papers the first year he was in the Country. Our home from the time we came to Canada was in the city of Hamilton, Ont., where we resided until I came West 9 years ago to Red Deer. When 18 years old I joined the 13th Batt. serving for 5 years. My father never took a homestead & I was too young to know anything much about his naturalization papers, only in after years I hears him in speaking to other people make the statement of his having taken them out the first year he came to Canada and that was the year after the Fenian invasion. Some of my brothers and Sister were Canadians born & all of my children have been born in Canada. I think you will have hard work to find any better British Subject or a more Loyal Canadian than your humble servant H. G. Stone. I am afraid that this letter is all the certificate I can furnish & as I am a British Subject & took the Oath when I joined the 13th Batt. of Inf. at Hamilton some 32 years ago. I see or know of no reason why my intent should not be granted.

Hoping to have a favourable reply.

Yours respectfully,

Red Deer Dec. 17/07. Sgd. H. G. Stone.

Sir,

I have the honour, by direction, to request you to have the necessary search made in the local Land Titles Office to ascertain if the S.E.¼. 36-37-2-West 5th Meridian for which the letters patent in favour of F.C.Stone were forwarded to the Registrar upon the 27th March 1908, yet belongs to Mr. Stone, and if it does, to request you to take such action as will warrant the filing of a certificate of lis pendens or other instrument which will prevent the disposal of that land by him until it has been ascertained whether the statements as to his residence upon and cultivation of this land are true or false.

It has been reported to this Department that Mr. Stone drove from Red Deer to his homestead on Saturday nights and only remained there until Sunday mornings following, and that his improvements on cultivation were not what he represented they were in his application for patent.

I am to request you to advise me of the result of your enquiry as to the present ownership of the land and of any other action you may take, as soon as possible.

Sir,

Referring to your file #15800, I beg to say that a caveat has been filed against the South East 1/4 of Section 36, Township 37, Range 2, West of the 5th Meridian, for which a patent was issued in favour of Mr. H.O. Stone. The reason for this action is that proof has been submitted that Mr. Stone did not perform the duties to satisfy the requirements of the Act.

Be good enough to notify Mr. Stone immediatly that it will be necessary for him to reconvey the land to the Crown, and that if he does so, an opportunity will be offered him for completing the required duties. Should he decline to comply to this demand, the Department will take steps through the court to cancel the patent, in which event his right will be forfeited absolutely.

The matter will be held over for 30 days to enable you to communicate with Mr. Stone; and upon receiving his written consent, the necessary form of conveyance will be prepared here and forwarded to you for execution.
Mr. Stone will have to agree to bear the cost of the transaction

MEMORANDUM:-

The Law Clerk asks that you be advised as to the position of this case.

H.C. Stone obtained homestead patent for the South East 1/4 of Section 36, Township 37, Range 2, West of the 5th Meridian, and it was afterwards proved that the duties were not performed. Consequently, by the Minister's instructions, a caveat was filed, and recorded on the 8th instant at the Edmonton Land Registry Office.

I presume that it must now be decided what course the Department will pursue.

In a similar case the Law Clerk prepared a form of conveyance to the Crown, which the homesteader executed, after which he was given permission to complete the required duties.

There is nothing to show that the homesteader, in this present case, would be willing to comply with such demand; but I would suggest that it be made to him, and that he be warned that unless he relinquishes his title to the land and reverses it in the Crown, the Department will take steps through the Courts to cancel the patent, in which event his right would be forfeited absolutely.

when Mr. Oliver was in Ottawa, you thanked him personally for your having received your patent for this land, and that he said there was no use of your thanking him because if you had not been entitled to the patent, it could not have been issued. I have no doubt whatever that Mr. Oliver may have said this, and I am sure that the evidence submitted by you in connection with your application must have entitled you to patent, the Department not being in possession of any information to the contrary; but the fact that the entry was made that you were not entitled to the patent, the Department had to take steps to investigate the matter thoroughly.

From my understanding of the case, the improvements completed by you have not been questioned, and you appear to have sufficient of these.

The Department also, where a charge is made, investigates the case no matter what the character of the person who makes the charge may be. Head Office always tries to secure the facts.

I am submitting my report to the Department, and would be glad if you would return this declaration by return of mail. I am sending a copy of this letter to our office for its information.

Sir,-

I beg to acknowledge receipt of your letter of the 15th instant, in connection with your homestead, the [illegible] 30 - 17 - 2 - [illegible] - 34.. I regret that on my recent visit to your city, I did not meet you. However, my object in calling was to secure definite information as to your continuous residence on the homestead. You have already, in letters and communications to the Department, explained nearly everything from your standpoint, except this, and as I had secured certain information as regards your residence duties from others, I thought as I was in the city, I would call upon you and see what direct evidence as regards residence you could give me under declaration. This, however, you can give me, and I am enclosing herewith a declaration form written out, which I would be glad if you would sign and declare to before a U. S. Commissioner, and return it to me, if you can see your way clear to do so. In this case has been gone into minutely by the Department on account of changes made that you did not complete your residence duties, it will be necessary for you to give definite information in regard to your residence duties. This may be done by completing the enclosed form.

MEMORANDUM:

MR. DIXON.

Commissioner for decision

S. E. ¼ of 36 37 2 - W. 5th M.,
Patented homestead of H. C. Stone.

A complaint having been laid before the Department that this settler had not complied with the law, steps were taken to file a caveat against this land in the Local Registry Office.

On the 2nd of October last the Agent was instructed to notify the homesteader that he must reconvey the land to the Crown, otherwise the Department would take steps to cancel the patent.

The homesteader replied contending that the complaint was not well founded, and practically refusing to give up his right to the land.

The matter was then referred to Mr. J. W. Martin, who has now reported.

His report is to theeffect that the residence duties were not completed. Mr. Martin is convinced that Mr. Stone did not in any one year complete the necessary six months' residence.

A declaration is submitted from the homesteader which practically admits this. The homesteader reiterates his claim with regard to residence since 1904 (see form marked) but goes on to say that he was actually living and sleeping on the land at the very least three quarters of the time which he claimed as residence.

Please say whether steps are now to be taken to institute legal proceedings in this case, or whether Mr. Stone will first be given a further period of thirty days to reconvey.

Respectfully submitted,

H. E. Stevens

Also that on the 14th of February, I enclosed a declaration completed by Mr. Stone.

It is noticed in the certificate furnished by Messrs. Clarence Petre and F. A. Yates, that they claim Mr. Stone has completed quite a lot of improvements on this land. No person, so far, as mentions, the improvements completed by Mr. Stone, but in any evidence furnished by this gentleman other than the original application for patent, you will note that the question of definite residence duties is always evaded. Referring to your letter of the 4th instant, I beg to say that your declaration of the 17th of February last, makes the statement that you actually lived and slept on your land at the very least three quarters of the time claimed by you as residence. In referring to your application for patent, it is observed that you did not claim more than six months in any year, so that the ~~demands~~ made in your present declaration would go to show that you have not complied with the regulations as to residence in any year since obtaining entry.

By the Departmental letter of the 16th of March, you were given a final period of thirty days within which to reconvey the land to the Crown.

The case will be held open for twenty days from this date to enable you to comply with this requirement, and I am to warn you that if you fail to do so, proceedings will be instituted at the expiration of the twenty days with the view of having the land revested in the Crown.

The Secretary,
Department of the Interior,
Ottawa, Jan. 1

Dear Sir:-

Re H. J. M. M. S. E. ½ 30-37-2 W. 5
File Number 43980 1

Mr. Stone has handed me your communication to him of the 26th. of April last in which you take the position that because he made a declaration that he had actually lived on the land for the requisite three months and slept on the land at one time during that three months or the time claimed by him, that the declaration claims that he was not living there more than six months in the year, that he has not performed his homestead duties as far as residence is concerned.

Mr. Stone has handed me a letter received by him from the Inspector, Mr. Martin, of Medicine Hat and I enclose a copy of the letter for with. You will see by that Mr. Martin enclosed him an affidavit, as practically around him as you will see by the terms of the letter that if he could see his way clear to make it he would be established in his right to the homestead or the property.

Mr. Stone signed the declaration and declared to it and it is the Department relying upon this statement, and it would not seem that the declaration is satisfactory. Mr. Stone tells me that he is prepared to make an affidavit

completed.

The matter was very carefully investigated, and it was decided to give Mr. Stone thirty days to reconvey to the Crown. This was on the 15th of March last. On the 25th of April he was allowed a further period of twenty days, which has now almost elapsed.

You ask to be furnished with a form of affidavit which would be satisfactory to the Department, but I am to say that the Department could not under the circumstances change the decision already arrived at. I may say that if Mr. Stone fails to reconvey immediately, it will be necessary to proceed with the case in another way, and those proceedings will commence in fifteen days from the date of this letter unless Mr. Stone is heard from, with the reconveyance, in the meantime.

Secretary.

Referring to your letter of the 6th instant, I beg to say that there is nothing in the letter of Mr. J. [illegible] Martin addressed to Mr. [illegible] Stone, a copy of which you enclose, to indicate that the affidavit forwarded by Mr. Martin to Mr. Stone for signature would be accepted as establishing the latter in his right to the land in question. Mr. Martin simply calls upon Mr. Stone to furnish definite information in regard to his residence duties. If the declaration signed by Mr. Stone is correct, it shows clearly that the duties have not been completed. If it is incorrect, Mr. Stone should not have signed it.

The facts of the case are that a complaint has been made that the duties have not been properly completed. The file of the Department contains reports from its officers, and also a number of declarations, all of which go to show that the duties have not been properly completed.

S.E. - 36 - 37 - 2 - W 4th M .

Patented homestead of H.J. Stone

Duplicate certificate of title and transfer now received from Mr. Stone .

The question in this case is as to residence ; the improvements are admitted to be satisfactory .

A report dated September, 1905, from Inspector Hannaman stated that the homesteader was not then in residence and that to the best of the Inspector's knowledge very little residence had been performed.

In March, 1907, Inspector Stauffer reported very little residence and recommended that Mr. Stone be notified to go on the land immediately and stay there for a period of six months, failing which cancellation would take place.

On the 8th of May, 1907, the homesteader wrote stating that he was in business in Red Deer, that he was only lacking a few months of the required residence, and asked to be allowed to purchase. This privilege was refused.

On the 30 th of July, 1907, the Agent at Red Deer reported that complaint was constantly being made as to the manner in which Mr. Stone had performed his duties. The Agent stated that when Mr. Stone learned of

J.W. Greenway, Esq.,
Commissioner of Dominion Lands,
O T T A W A .

~~any~~

action to cancel his entry, he was in the habit of driving out to the land . remaining for perhaps twenty- four hours and reporting himself to be in residence. Settlers in the vicinity were said to be very much annoyed, knowing that the homesteader carried on an extensive business in town and would never make a home on the land.

On the 3rd of October, 1907, the Minister wrote from Edmonton enclosing a memo regarding Mr. Stone's homestead. The Minister thought, in view of the resi - dence claimed, that the land might be sold at $ 1.00 per acre, but,on the face of it, the statement of Mr. Stone appeared to the Minister sufficient to issue patent .

Mr. Stone applied for patent in 1908, claiming the necessary residence in 1902 - 03, 1904 - 05 and 1905-06

Immediately after patent had been issued com - plaint was again made and Inspector Robinson investi - gated. He reported that settlers in the neighbourhood were unanimous in their opinion that Mr. Stone had never fulfilled his residence duties but that he seemed to be carrying on business in Red Deer, driving out to the land on Sunday nights and staying until Monday morning .

The Inspector submitted three declarations in support of his report .

The Minister instructed that a caveat should be filed. This was done, and Mr. Stone was afterwards warned that he must relinquish his title .

Mr. Stone contended that he had performed the duties and filed a statement signed by two persons, which, however, did not contain any definite time of residence.

Mr. J.W. Martin was then asked to investigate and reported that he was strongly of the opinion that Mr. Stone had not completed the necessary six months re - sidence in any one year. Mr Martin pointed out that the reports made by the Agent at Red Deer and Inspectors, Bannerman, Stauffer and Robinson were all unfavourable.

Mr. Martin

Mr. Martin prepared and sent to the homesteader a declar-
-ation which the latter signed, reiterating the statements
contained in the application for patent, but with this
addition, that the homesteader had actually lived and
slept on the land " at the very least three-quarters of
the time claimed as residence ".

As the time claimed was barely six months in each year the Department at once took the ground that the declaration was an admission by the homesteader that he had not performed the required residence in any year.

Mr. Stone contends that Mr. Martin's action was misleading and that he signed the declaration supposing that it would establish his right . It was pointed out to Mr. Stone that if the declaration prepared by Mr. Martin was not correct, he should not have signed it. Apart from this, however, the evidence seems decidedly unfavourable to the homesteader.

Mr. Stone has now sent here his duplicate certificate of title and a transfer of the land.

The Patent Branch points out that what is required in such cases is a duplicate certificate of title in favour of the Crown, not a transfer, but that if it is proposed to allow Mr. Stone to complete the duties , the Certificate of Title in his favour might be allowed to stand.

Do you approve ? If so the transfer from Mr. Stone should be completed as regards certificate of value of land. Otherwise, I think a duplicate certificate of title in favour of the Crown should be insisted on. The Department should be in a position to cancel this entry if the duties are not performed in good faith.

I would call your attention to the Departmental letter of the 2nd of October last, written by the authority of the Deputy Minister, in which the Agent was advised

that

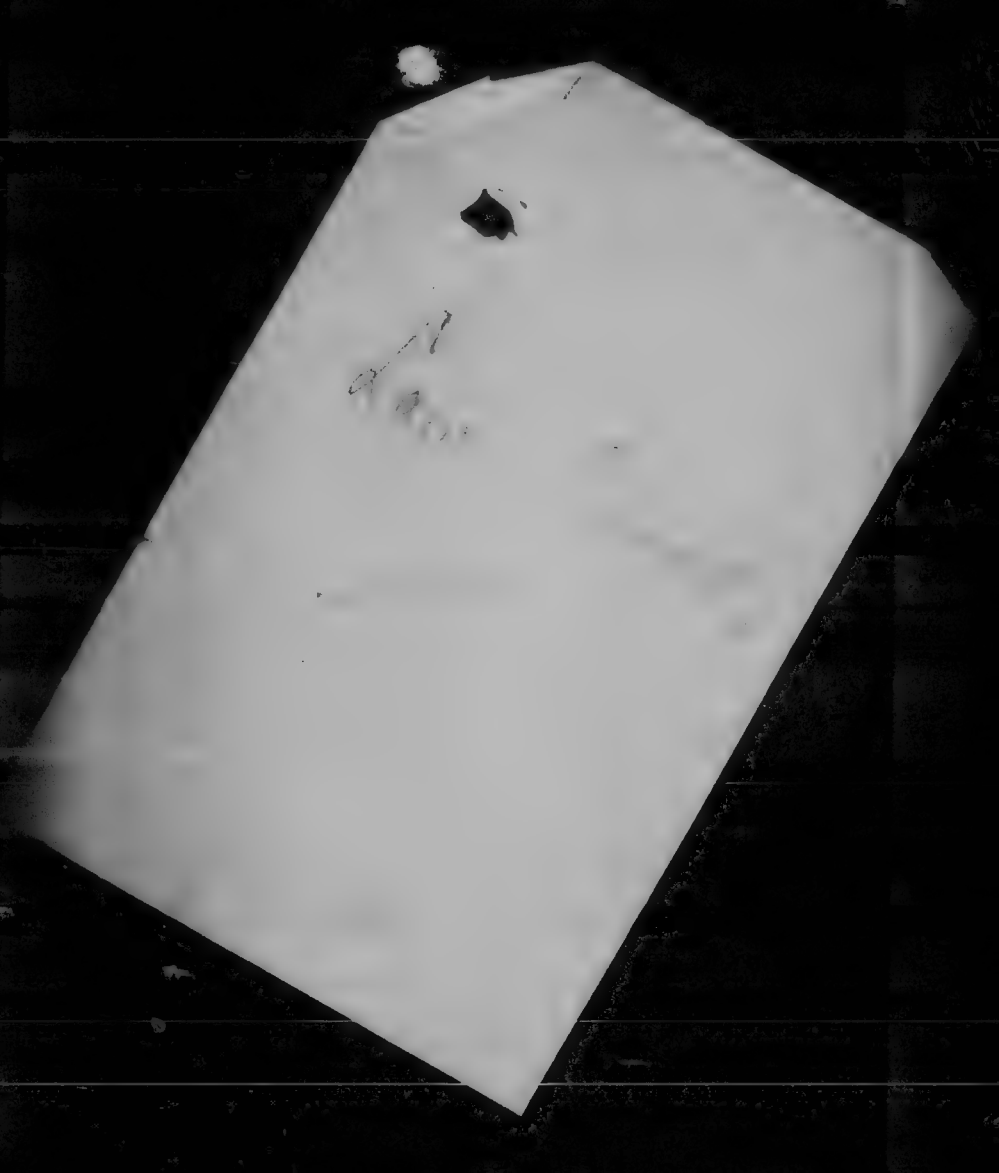

'hat if Mr Stone wo 11 r - convey, an opportunity would be given him to complete the required duties.

In pursuance of that letter, I think the homesteader should now be required to return to the land and perform all the residence duties in good faith, meantime keeping up the cultivation.

It is evident that this case has acquired a certain local notoriety

Respectfully submitted,

F. Fitz Roy Dixon.

Memorandum :- 43980 A.,

Mr. Greenway :-

I have gone over the papers on this file very carefully and have decided to address my reply to Mr. Dune's memorandum, to me, of the 9th instant, to you.

The transfer is faulty as will be seen by referring to the words I have written in it in pencil, and if you decide to go ahead and secure title to the Crown, after reading this memorandum, then the transfer should be returned to Mr. Crawford to have these words written in ink, the execution of the transfer acknowledged before the subscribing witness, and the affidavit of execution re-sworn by that witness. The transfer and the duplicate certificate of title should then be sent or handed to the Registrar at Edmonton so that he may register them, cancel the certificate and duplicate certificate in favor of Mr. Stone and issue others in favor of the Crown, that is : His Majesty King George the Fifth, in the right of Canada, and his fees for these services must be first paid.

Before this action is taken, however, it should be certain that there are no taxes due or assessed against this land or against Mr. Stone on account of this land, and the searches in that respect should be made by a lawyer upon the spot who is the one to then register the transfer from Mr. Stone

to

to the Crown and have the Registrar take the other action I have mentioned. Execution, "Quiet the land" Mr Stone should also be sought for.

But is it necessary to take all this trouble and put Mr. Stone to the expense that will result for searches, fees to the Registrar and the lawyers' costs,-his own lawyer's and the Agents of the Deputy Minister of Justice.?

I think not, but then I am strongly opposed to interference with our patents after their issue, except fraud upon the Crown of a serious nature has been discovered. To my mind constant interference in of letters patent will destory that confidence in a title from the Crown the public is entitled to look for.

In the present case the patentee is apparently trying to get into residence upon the land and do what remains undone. Then if the transfer is completed in the manner I have indicated, and if registered and the other action to perfect the title that has been mentioned has been taken, new letters-patent will have to be prepared in favour of Mr. Stone for this same land.

On the other hand if you retain the transfer here just as it is, and also retain Mr. Stone's duplicate certificate of title he can be allowed to complete his residence duties, and then his duplicate certificate of title and this incomplete transfer can be returned to him, and the preparation of new letters patent, the cancellation of the certificate and

duplicate

duplicate certificate of title that will have to be issued to the Crown, if your present decision is to be carried into effect, and the issue of a new certificate and duplicate certificate of title to Mr. Stone, will then be avoided.

You will now understand why I have addressed this memorandum to you instead of to Mr. Hume. If you yet adhere to the decision endorsed on the margin of Mr. Dixon's memorandum, return the file to me and I will take the action necessary to carry that decision out, though I personally strongly opposed to it. On the other hand if you do as I have suggested the necessary letters to Mr. Stone and to the local agent can be prepared by some member of your own staff.

The Secretary
Department of Interior
Ottawa, Can.

Dear Sir:-

Your letter dated July 29th received. I must say that the letter was somewhat of a surprise in more ways than one. First, when I surrendered my patent, for which I have been sorry ever since, having nothing to fear from any proceedings you may have taken to have forced me to re-convey the patent back to the Crown, as I could have proved that the whole thing was a conspiracy to do me out of the lands, but to save trouble and a lengthy law fight I did surrender the patent, but before doing so I wrote you with all respect asking what more time the Department required me to put in to satisfy them that my intentions were honourable, and that I only wished to satisfy them that I had come by my patent honourably and was entitled to it, by having complied with the homestead regulations. Your own chief accepted my broken time, the letter to that effect I have already referred to in previous letters. Now you send me a letter without any previous notice or any regard to our answer to the several letters written by me to your Department requesting to know what more time the Department

H. G. STONE

required me to put in, or if my sleeping on my land, as hundreds of others have done , for a given time would be satisfactory, I having fulfilled all other requirements. I have interviewed your agent here and it is upon his advice that I am now writting this letter, as he also agrees that your letter of July 29th is very vague beside giving the impression that your Department were under the impression that I was at the present time living upon my homestead, as you are practically giving instructions to your agent to have the Home Stead Inspector go out and inspect the lands for that purpose and see if I am keeping it under cultivation. The land is being cultivated and as statedbefore there are 30 acres broken now.

I was given to understand by Mr. Cowell upon his return that I would receive a letter from the Department specifying what I would be required to do to have my patent returned. Your letter of the 29th July is the only one I have received. Kindly advise me what time the Department expect me still to put in if the time already put in is allowed, and when this time can be put in, and you will greatly oblige.

I am sending a copy of this letter to Mr. Michener, our Member for Red Deer who is on his way to Ottawa also to the Commissioner of Dominion Lands as well as your agent here.

Department of the Interior

Sir.

S.E. 36-37-2 W.4th.

I beg to acknowledge the recept of your letter of the 1st. inst. and in reply to say that it will now be to late in the season to put six months in this year. If the Department had sent me this notice or rather instructions as they should have done at the time they received my patent. I should have then had time to have put in six months during 1910. now as stated in your letter I must put in six months in each of three years thearter if I do on my homestead now the time from now to Jan 1st. 1911 would not be counted thearter I should have nothing without the Department will allow this time to count. Kindly answer this question.

It was my intention of spending some of my time on my homestead this fall during the harvest.

In answer to your query that my land was some 11 miles from town I see that the Department could not understand how I could comply with the regulations in view of the distance.

I see nothing in the regulations that bears any settler owning a motor car or a flying machine car preferred whereby he can go to town quickly if he needs to. Further more is nothing in the regulations that says or implies that a settler shall not leave his homestead to transact buisness or get supplyes or other necessaries or if detained in town for longer then twenty four hours or even a week if need be that it is necessary for him to apply to the local Agent for permission to do so. Because a man takes up land and becomes a settler that does not make him a State prisoner.

And now before closeing I wish to refer you to a letter dated 1 th. Oct. 1907 file No 4 9-0 A you have a copy of this letter so I will not repete it in full just one clause. Under the circumstances it is advisable you should appear with your witnesses before the local of Dominion Lands at Red Deer and make application for patent in May. UNDER THE CIRCUMSTANCES. would you kindly tell me what you had all the papers at that time that you have now. ther a miner in the fence some where.

2217304

In your letter of the 1 th . you say The e.idenceeax on file nare goes to show that you did not preform the nesessary six months residence in any one homestaed year and you will be required to preform the residence duties in accordance with the regulations. you had this evidence on file on the 14th .day of October 1907 when the letter I have refered to was written . but your Minister The Hon . Frank Oliver .gave you personal instructions to write that letter to me after his return from a visit to the West where he had had a personal interview with Mr.C.W.Smith then president of the [illegible]AL Asso. of Red Deer who had explained to him the trouble I was then having with the Land Office here at that time. I want you Gentlemne to distinctly ~~to~~ under stand that I have in no way done any thing of a crimial nature in connection with my homestead or am I afraid to face any law proceedings Your Department could have taught against me for there has been no ~~mistepper~~ misrepresentation's on my part in connection with my Homestead but there has been by Others. you stated to Mr. Michener and McKay when they called upon you lately in connection with this matter that it had been taught befor the Chief Justice . but he had decided NOT to PROSECUTE under the circumstances .there must be a meaning to these words.

If I had not been sick at the time the Hon. Frank Oliver was here I would on the otherwording my self to get the decorations for the reception of Mr. Wilford and his party in time for the 10_11th of A[illegible]. I should have Interviewed Mr.Oliver while here where I could have had the best men in the Town who would have vouched for my truthfulness men who have known me all these years that I have been in this country Futher if I understand the regulations . as long as I DO NOT BE six Months out of the 12 in each year for 3 years I am at liberty to put in the months that will be of most use to me that there is no restriction as to what months they shall be. Question IS THIS CORRECT.

"Futher that I do not have to put in time that will not COUNT.

Sir,-

S. E. 36-37-2-W. 5th, M.

I beg to acknowledge the receipt of your letter of the 5th instant, and in reply to say that the evidence on file here goes to show that you did not perform the necessary six months residence in any one homestead year and you will require to perform the residence duties in accordance with the regulations, that is to say, you will require to reside on the land in good faith for six months in each of three years, in the meantime keeping up the required cultivation.

As to your inquiry about sleeping on your land, I am to point out that the quarter section appears to be some seventeen miles distant from the town of Red Deer, where you are in business, and the Department does not understand how you propose to comply with the regulations, in view of the distance.

The regulations contain the following provision:-

"Sleeping on a homestead at night for a
"period of six months in the year, while following
"elsewhere during the day time a trade or calling

Sir,

You have been recommended for patent for the S.E. ¼ of Section 16, Tp 42, Rge 20 West of the 4th Meridian which, according to the official plan of survey contains an area of 130.20 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 160 acres, which includes the land and the land covered by water.

If you desire the patent issued in this way, on your filing with the Department here a solemn declaration, a form of which is herewith enclosed, to be made in accordance with the provisions of "The Canada Evidence Act, 1893," that the land covered by the waters of the said lake, as shown upon the official township plan, is now dry, the patent can then be issued for the full theoretical area of 160 acres, more or less.

Sir,

You have been recommended for patent for the N E ¼ of Section 16, Tp 42, Rge 20 West of the 4th Meridian which, according to the official plan of survey contains an area of 136.20 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 160 acres, which includes the land and the land covered by water.

If you desire the patent issued in this way, on your filing with the Department here a solemn declaration, a form of which is herewith enclosed, to be made in accordance with the provisions of "The Canada Evidence Act, 1893," that the land covered by the waters of the said lake, as shown upon the official township plan, is now dry, the patent can then be issued for the full theoretical area of 160 acres, more or less.

Dear Sir,-

I am in receipt of your favour of the 21st. inst. in regard to the above. The whole matter in regard to the amount outstanding seems very unreasonable to expect me to pay [illegible] without presenting many years ago following my father's death. I cannot be expected to clear all outstanding of so many years duration with particulars as meagre as they are.

The note which it appears my father signed was, as I understand it, in the form of a bond. It certainly must be an extraordinary document that would run for 25 years time with no attempt whatsoever being made to collect the amount it called for or no notification being given of the interest accruing. There was certainly no excuse for not being able to communicate with me earlier as I have always resided in Calgary. Certainly had I known that such a debit existed same would have been cleared when the matter of my father's estate was settled some 19 years ago. Under the circumstances as set forth I can not see my way clear to pay the amount in question which has [illegible] for 25 years.

Yours truly,

(SGD) E.A.Wellis.
